

TRACT

TORONTO RIDE ACCESSIBLE COMMUNITY TRANSPORTATION

On-Going Request

On-Going request are regularly scheduled requests. Weekly shopping trips or monthly doctor's appointments are examples of On-Going requests.

- Allows you to place a on-going ride request for these clients who have consistent appointment schedules
- Place in Appointment date, time and location
- Place in visit type, and contact name and number
- The client profile information is available for the user to make decisions based on the demographics of the client
- The on-going request will appear in the ride planner on the dates that have been specified for this on-going request
